

MES ENG COLLEGE

MCA

Department Of Computer Application

MES College of Engineering is a private engineering college based in Kuttippuram, Malappuram. It is Kerala's first self-financing engineering college, with a campus that extends for more than a mile alongside the Bharathappuzha River. It was founded in 1994 as a minority-serving institution. Department of Computer Applications started in the year 1999 offers full-time Master of Computer Applications program. This was the first MCA program to be offered in the self-financing sector in Kerala. Since its inception, it had been producing technical graduates whose presence have spanned the entire spectrum of Information Technology in India and abroad. MCA at MESCE is a two-year (Four Semester) professional master's degree in Computer Applications under APJ Abdul Kalam Technological University. The course has been structured in line with the prevailing technology of the industry. It teaches theory and gives due importance to practical knowledge. This program understands the scope and standards of the industry and accordingly creates software engineers to the current demand of the Industry. The department is guided by eminent faculty and instructors and has the state-of-the-art lab facilities and infrastructure. The department library houses sufficient books and reference materials needed for the course and are available from 8AM to 8PM. The lab facilities are open from 8AM to 8PM for honing the technical skills of the students. With a professional faculty and tech savvy environment, students can study and master the required skills for a professional and competitive world. The students' association "CASA" representing the student body enables a greater student engagement by organizing various technical and cultural activities. Eminent people from diverse background are invited for talks and it helps the students to enhance their technical awareness as well as general understanding. A national level tech fest "Excellencia" is conducted every year where in the contestants are assessed for their skills in paper presentation, coding, hacking, technical quizzes, gaming etc. The cultural programs show-cases the non-technical skills and helps to create a bonding among students. Department's Training and Placement Cell guides students in preparing for competitive exams and job interviews. Department is proud of our alumni and their professional achievements. They are part of reputed firms like Accenture, ISRO, Infosys, TCS, IBM, UST, MB9 and more. They have taken various roles in the domain of Education, Finance, Ecommerce, Data Analytics, Artificial Intelligence, Security and Surveillance, Networking, Big Data Analysis etc. Many have joined the government sectors also. Department provides a lively environment where the students can hone their skills like interpersonal, leadership, etc.
